

Cancer Center

CLINICAL TRIAL OPPORTUNITY!

Have you been smoking for at least 10 years?
We need your help!

Researchers at the **George Washington University Cancer Center** are looking for cigarette smokers to join a clinical study testing Avmacol ES, a *plant-based pill* made from broccoli sprouts and seeds .

We want to find out if Avmacol ES helps protect cells from tobacco smoke and cancer-causing chemicals.

Participants will receive the study pills and follow-up visits at no cost AND get up to \$525 for participation.

For more information, please call
(202) 994-3391 or email
